

15. My dad pulled away.
16. Tony was still blocking me from getting through and was threatening me with something to the effect: "Try me!"
17. I asked my dad to exit by the front door and I went out the side door and climbed over the fence to get to the front yard with my dad.
18. Somehow my dad managed to get by Tony and joined me in the front yard. Tony was trying to prevent my dad from coming out the front door.
19. I could see my dad was on the phone.
20. Tony followed my dad out to the front yard. Tony still had his arrowhead necklace in his hands.
21. I heard my dad say, while on his phone: "He's trying to hurt me."
22. Tony did not say much of anything. Then things suddenly "cooled down" with Tony.
23. At that point, Tony turned around and walked through the front door and up the stairs going to where his room was.
24. Tony walked calmly without saying anything to either myself or my dad.
25. I then saw a squad slowly pull up with its lights off, and I also heard a siren in the distance. As the squad pulled up, Tony was going into the house. I heard my father say something to Tony to the effect: "Be smart about it."
26. The police officer got out of the marked squad and was in uniform. The officer instructed both my dad and myself to go towards the back of the house.
27. I moved back to the driveway and I told my dad: "Dad, come on."
28. Another marked squad pulled up. The officer was in full uniform and went to the front of his car. The second officer then moved to the grass next to the first officer.
29. Tony then started to come down the stairs of the house. As Tony was coming down, I heard "clacking" and I saw he had a sword and some sort of bottle.
30. I was aware that Tony had a knife in his room. I was not aware he had a sword or swords.
31. Tony came out the door without saying anything.

32. Tony stopped and was standing about 4 feet from the front door after coming out the door. The sword was in the sheath while he was looking directly at the police. Tony was about 10 feet from the officers at that point.
33. The officers had their guns out. One or both officers started yelling: "Stop, don't move anymore!", followed by "Don't move! "Stay there!" "Drop your weapons!"
34. After about 5 seconds, Tony took the sword out of the sheath while he was standing stationary.
35. The officers continued to shout: "Stay there, drop your weapons!" constantly.
36. Tony then started waving the sword around.
37. Tony then took 2 steps towards the officers, continuing to wave what looked like a Samurai sword around, and the officers fired what sounded like 5-8 shots.
38. Tony fell straight down to the ground.
39. I then moved from my vantage point to the back of the house to see if my dad was okay.
40. My dad and I then accessed the garage and went upstairs where we were met by the police.
